Database Management:	MySQL
Development Tools:	Git, Postman, VS Code, npm/yarn
Version Control:	Git, GitHub, Branch Management
Integrations:	CRM, Impact, GTM, First Promoter

Professional Experience

Full Stack Developer [01/06/2024] – Present
Mitz & Fritz Private Limited

- Developing full-stack solutions for Someli.ai, a social media platform for business professionals and general users that leverages AI for automated content generation
- Implementing responsive frontend interfaces using React.js, Vue.js, and Nuxt.js to enhance user engagement and experience
- Building robust backend systems with Node.js to handle data processing and AI integration requirements
- Successfully integrating multiple third-party services including CRM systems, Impact tracking, Google Tag Manager (GTM), and First Promoter
- Optimizing API endpoints and database queries to improve application responsiveness and data

retrieval efficiency

- Contributing to the implementation of AI-driven content generation features that enable automatic post creation for users
- Collaborating with cross-functional teams to ensure seamless integration between frontend and backend components

Notable Projects

Someli.ai — AI-Powered Social Media Platform

- **Technology Stack:** React.js, Vue.js, Nuxt.js, Node.js, MySQL
- Developing an AI-powered platform that automatically generates social media content for businesses and individuals
- Implementing third-party integrations including CRM systems, analytics tools, and marketing platforms
- Creating responsive interfaces to ensure optimal user experience across all devices

NAAM — Fire Safety Product Showcase

- **Technology Stack:** React.js, Framer Motion
- Implemented smooth animation transitions and interactive product displays to highlight fire safety equipment
- Designed a responsive layout ensuring accessibility across desktop and mobile devices
- Optimized image loading and animations for improved performance and user experience
- **Live Demo:** [🌐naamhseind.com](https://naamhseind.com)

Kovai Tuition Center — Educational Website

- **Technology Stack:** React.js, Framer Motion
- Developed an intuitive course catalog system with filtering capabilities for easy navigation
- Created responsive forms for student inquiries and course registrations
- Implemented performance optimizations to ensure fast page loads and smooth transitions
